VESSELS

COVERAGE

VESSELS

Jaltest Marine is our most innovative kit. With a wide coverage of models, brands and systems, Jaltest Marine is totally orientated toward those technicians that provide nautical repair services. We have collected the best technical information for them and we have developed step-by-step troubleshooting guides, turning Jaltest Marine into a cutting-edge tool in the sector.

Jaltest Marine includes advanced functions such as:

1. Calibrations
2. Parameter modification
3. System checks
4. Component actuation
5. And much more...

THE WIDE EXPERTISE OF JALTEST DIAGNOSTICS HAS ALLOWED US TO SUCCESSFULLY PURSUE THE DESIGN OF A COMPLETE MAINTENANCE AND DIAGNOSTICS TOOL FOR VESSELS, JET SKIS, OUTBOARD AND INBOARD ENGINES AND STATIONARY ENGINES.

COVERAGE

jaltest
cv

Diagnostics equipment aimed for workshops where repair and/or maintenance services are performed in several types of commercial vehicles, such as: trucks, buses, trailers, LCVs or pick-up trucks.

Jaltest CV allows diagnostics in all commercial vehicles. Jaltest CV coverage includes truck, bus, light commercial vehicle, pick-up trucks, trailer and semi-trailer.

Jaltest CV includes advanced functions such as:

1. Calibrations
2. Parameter modification
3. System checks
4. Component actuation
5. And much more...

COVERAGE

jaltest
AGV

Jaltest AGV is the Jaltest Diagnostics kit focused on the diagnostics and maintenance of all type of agricultural equipment. Therefore, it is ideal for workshops that repair tractors, harvesters, forage harvesters or grape harvesters among others.

It covers a wide variety of brands, models and systems, and it offers a large catalogue of cables that allow direct connections in the agricultural equipment.

Just like the rest of licences, Jaltest AGV offers the best technical information of the sector and will help in the whole repair process through easy and intuitive guides.

Jaltest AGV includes advanced functions such as:

1. Calibrations
2. Parameter modification
3. System checks
4. Component actuation
5. And much more...

COVERAGE

jaltest
OHW

The Jaltest OHW kit has been developed to perform maintenance and diagnostics tasks in off-highway equipment, such as cranes, excavators or dumpers, as well as in stationary engines, cleaning machines or road maintenance equipment, among others.

Just like the rest of the Jaltest Diagnostics modules, it offers a wide coverage of brands, models and systems, as well as a large variety of cables to carry out direct connections.

Jaltest OHW includes complete technical information and troubleshooting guides, which make it the benchmark diagnostics tool of the sector.

Jaltest OHW includes advanced functions such as:

1. Calibrations
2. Parameter modification
3. System checks
4. Component actuation
5. And much more...

COVERAGE

jaltest MHE

Jaltest MHE (Material Handling Equipment) is the pioneering repair kit in the repair sector of material handling equipment due its multiple advantages and possibilities when it comes to performing diagnostics and maintenance efficiently in forklifts, telescopic handlers, lift platforms and derivatives.

It offers complete coverage, including new brands, models and systems three times a year, which guarantees a constant update of its capabilities.

Just as the rest of the kits, Jaltest MHE offers technical information, troubleshooting guides and many other useful resources for technicians during the repair of this type of equipment.

Jaltest MHE includes advanced functions such as:

1. Calibrations
2. Parameter modification
3. System checks
4. Component actuation
5. And much more...

SOFTWARE

ADDITIONAL MODULES

PASS-THRU

Jaltest has the additional Pass-Thru module, which enables communication through the SAE J2534 protocol with the manufacturer's software to perform:

1. Control unit updates
2. Calibrations
3. Unit reprogramming
4. Vessel analysis

This makes it possible to reduce dependence with proprietary hardware, decreasing costs and increasing the productivity.

SOFTWARE

ADDITIONAL MODULES

Jaltest GRP

GRP (Garage Resource Planning) is the workshop management program that allows you to organise and manage its activity. GRP is included in Jaltest.

GRP BASIC

It allows you to store and manage clients, vessels and reports in a simple and easy way.

CLIENT LIST

REPORTS

GRP SYNCHRO

Upgrade by storing all your clients, vessels and reports in the cloud.

Synchronise automatically all stored data in all your devices.

GRP ENTERPRISE

Manage one or more workshops completely. Synchronise all stored data, even if it is located in different workshops!

Access all Jaltest GRP functionalities.

GRP NETWORK

A workshop network is a big deal, but Jaltest GRP can also help with its daily management.

JALTEST GRP FUNCTIONALITIES

CLIENT LIST MANAGEMENT

VESSEL LIST MANAGEMENT

REPORT MANAGEMENT

- Diagnostics reports
- Maintenance reports

WORKSHOP MANAGEMENT

- Work orders
- Tasks
- Workshop time reports

WORKSHOP RECEPTION MANAGEMENT

- Reception forms
- Work orders management

HUMAN RESOURCES MANAGEMENT

ANALYTIC DATA OF YOUR FLEET OR NETWORK

- Tool use
- Vessels more frequently diagnosed
- More frequent fault codes

SOFTWARE

jaltest DATA-LINK

Jaltest DATA-LINK is a device that allows the user to use Jaltest hardware with the software of different manufacturers and without using the original hardware.

Jaltest DATA-LINK supports all generic communication protocols RP1210, SAE J1939, SAE J2534 and OBD.

This solution also includes a software for the diagnostics of generic faults.

Therefore, all solutions can be grouped in one single device.

SOFTWARE

DIAGNOSTICS MENU

1. SYSTEM DISPLAY

Real-time live data display of vessel diagrams, enabling fast assessment of the system performance.

2. DATA RECORDER

This function allows the user to make tests while the vessel is moving and, at the same time, the record of measurements and fault codes. This way, it is possible to know the exact moment at which a fault code occurred.

3. VIRTUAL INSTRUMENTS/GRAPHS

Visual aid for the technician to check values and understand the current status of any system available in the vessel.

4. SYSTEM SCAN

This function allows the user to scan the available systems in the selected model. During the system scan, fault code reading of every available system takes place, including their identification data. Later, every fault code found can be cleared.

5. VESSEL VIN DETECTION

It allows the detection of the VIN or chassis number of the vessel with just one click.

6. SHORTCUT TO SPECIAL FUNCTIONS

Optimize repair times at the shop with direct access to relevant repair processes.

AND MUCH MORE!

SOFTWARE

TECHNICAL INFO

The technical information of Jaltest includes:

- 1. System technical data:** Specifications of the operation ranges of sensorised components, as well as their location and pinout.
- 2. Wiring, system and fuse diagrams:** Simple, interactive and easy-to-navigate diagrams for the different system configurations.
- 3. Vessel maintenance information:** A complete data base with all the information needed to perform the proper maintenance of the selected vessel.
- 4. Vessel technical data:** Specific OEM standards for the most common vessel adjustments (adjustment torques, reference measurements, parameters, diagrams, repair times, etc.).
- 5. Troubleshooting guides by symptoms:** Step-by-step guides that allow the diagnostics of a vessel by its symptoms.
- 6. Technical releases:** Bulletin on technical service, launches and procedures with updated information, published by the OEMs, about any modification of the service and procedures, reviewed parts, etc.
- 7. Troubleshooting guides by fault codes:** Intuitive and easy-to-follow troubleshooting guides, for both mechanical and electronical problems, linking directly to the actions to be carried out.

**JALTEST HAS THE BENCHMARK
DATA BASE OF TECHNICAL
INFORMATION IN THE MARKET.**

HARDWARE

LINK V9

LIGHT, FAST,
EXCEPTIONAL.

MAXIMUM CONNECTION SPEED

It performs diagnostics in every control unit of the vessel at a hitherto previously unknown speed.

PROTECTED USB AND SUBD26 CONNECTORS THANK TO THE POKA YOKE DESIGN

HIGH-PERFORMANCE, RUGGED AND RELIABLE ELECTRONICS

Greater connectivity, new supported communication protocols and extended multiplexor.

IMPACT ABSORPTION

Design with a rugged covering that cushions small bumps, protects against scratches and enables the seal closure of the device, preventing the inlet of dirt and water (IP40).

COMPACT AND LIGHT

HARDWARE

JALTEST HARDWARE KIT

All Jaltest Marine products have been designed to meet the needs of technicians in vessels and the most demanding needs for assistance when in high seas. They are designed and built to face any extreme work or weather conditions.

Jaltest Diagnostics Hardware Kit can be configured according to the workshop needs. There is a wide variety of connectors depending on the types of brands and models of vessels.

JALTEST DIAGNOSTICS HARDWARE KIT
ALLOWS CONNECTION TO ALL THE TYPES
OF VESSELS AVAILABLE WITHIN JALTEST
COVERAGE.

HARDWARE

SUPPLEMENTS AND ACCESSORIES

JALTEST OFFERS A WIDE VARIETY OF ACCESSORIES AND SUPPLEMENTS THAT LEADS TO UNPARALLELED VESSEL DIAGNOSTICS.

JALTEST RUGGED PC

Jaltest Rugged PC is optimised for the use of Jaltest in the most demanding conditions.

- Windows 11 Pro
- Rugged and exclusive design
- Liquid-resistant keyboard/touchpad
- Keyboard available in several languages
- User-replaceable battery

TESTPAD EXTREME PRO®

Testpad Extreme Pro is a high-performance tablet that enables a more versatile use of Jaltest.

- Rugged military spec
- Solid-state drive (SSD)
- Windows 11 operating system
- Wi-Fi 6, Bluetooth 5.1
- 16 hours battery life
- Carry handle
- Precision stylus

WORKSTATION

Protect your diagnostic investment with an Eclipse Workstation. All steel construction with secure cabinet and locking castors.

| - Mouse | - Integral cable rack |

SERVICES

JALTEST UNIVERSITY

TECHNICAL SUPPORT

SERVICES

JALTEST UNIVERSITY

Our Jaltest University division gathers the entire Jaltest training offer, from courses traditionally taught on-site to online courses or webinars. This way, we have adapted to the new needs for universal and quality training at the disposal of any professional in the sector.

Jaltest University is aimed at:

- Workshops
- Manufacturers
- Distributors
- Students
- Other professionals of the sector

Jaltest University includes the following topics, among others:

- Diagnostics
- Engine management
- Anti-pollution system
- Pneumatics
- Electricity and communication protocols

E-LEARNING COURSES

Jaltest University offers training available to everyone, anytime and anywhere through Jaltest e-learning.

It is an online training platform that allows technicians to learn about topics related to commercial vehicles, agricultural equipment and OHW equipment.

CUSTOMISED TRAINING

In Jaltest University, we also offer customised courses for our official distributors, that can be taught directly at their facilities.

The commercial courses are intended for the commercial training of our distributors' staff and the training courses for workshops are addressed to professionals of client workshops of our official distributors, being totally adapted to their needs.

SERVICES

CUSTOMER SERVICE AND TECHNICAL SUPPORT

When purchasing a diagnostic package from Eclipse, customers are reassured to know they have a backup support service second to none. Eclipse Technical Support is a unique dedicated team of diagnostic specialists and IT technicians based at the Eclipse headquarters, who provide our customers with all the backup and support they require.

CUSTOMER SERVICE

- Dedicated vehicle & IT technical support
- Industry trained & qualified vehicle engineers
- Qualified high-level IT support technicians
- Extensive library of technical data
- Help with fault code troubleshooting
- Assistance with technical procedures
- Email availability of all support material
- Eclipse remote assistance

INCLUDED DIAGNOSTIC SUPPORT

Our team of industry-trained technicians can give you assistance and advice to help you repair the vessel you're working on.

INCLUDED IT SUPPORT

Our IT support team are on hand to help you with a range of computer and software-related issues, utilising remote assistance.

**UK-BASED
SUPPORT**

RELIABLE, UK-BASED TECHNICAL SUPPORT YOU CAN COUNT ON

Clear communication is at the heart of exceptional customer service. That's why our UK-based technical support centre is staffed exclusively by fluent English-speaking professionals. Dedicated to going the extra mile, our team delivers fast, dependable assistance—resolving issues quickly and guiding you through even the most complex challenges with ease.
